FORM B: BIDDING SHEET**Bid Sheet Information:**

Most columns are pre-populated for you. You must provide your total estimated capacity along with your bid price for each HCPCS code or product class listed for this product category.

- Column A:** **HCPCS** – Healthcare Common Procedure Code System. This is a standardized coding system that is used primarily to identify products, supplies, and services.
- Column B:** **Product Class** – A combination of codes for which a single bid is required
- Column C:** **Item Description** – Short narrative description of each HCPCS code. For long description go to www.dmecompetitivebid.com.
- Column D:** **Type of Bid (Rental or Purchase)** – Indicates whether your bid should be for the purchase or monthly rental of the item (identified by the HCPCS code or product class). In most cases you must submit a bid amount that represents the purchase price of the item even if that item is routinely paid for on a monthly rental.
- If “Purchase” is indicated, enter a bid amount for total purchase of the item.
 - If “Rental” is indicated, enter a bid price for one month’s rental of the item.
- It is very important that you review your bid amount and ensure it was entered correctly.**
- Column E:** **Item Weight** – Indicates the relative market importance of each item to the overall product category.
- Column F:** **Total Estimated Capacity** – You must indicate the number of units per HCPCS code or product class that you estimate you can provide throughout the entire CBA for this product category for one (1) year. To determine the capacity for each HCPCS code or product class, calculate the number of units that you currently furnish on a yearly basis and add any additional number of units or capacity you would be capable of providing annually at the start of the contract period. It is anticipated that suppliers will be capable of sustaining the same level of estimated capacity throughout the entire contract period. This number does not reflect the minimum or maximum number of units you may be required to provide but rather how many units you estimate that you can provide. Please refer to the Bid Preparation Worksheets, including estimated capacity and bid amount calculations, on the CBIC website (www.dmecompetitivebid.com) for the definition of a unit for each item to assist you in calculating your capacity.
- Column G:** **Fee Schedule** – Indicates the fee schedule amount for the HCPCS code in this CBA. You must provide a bid price that is less than or equal to the fee schedule amount.
- Column H:** **Bid Price** – You must indicate your bid price for this item. Your bid amount must be a bona fide bid amount for each HCPCS code. The amount submitted must be rational, feasible, supportable, and reflect all costs associated with providing these items and services. If requested, you must be able to provide supporting documentation, such as a manufacturer’s invoice and a rationale that verifies you can provide the item to the beneficiary for the bid amount. The bid amount you submit for each HCPCS code or product class must include the cost of furnishing the item throughout the CBA (except for skilled nursing facilities and nursing facilities that elect to participate as specialty suppliers) for the duration of the contract. Please refer to the Bid Preparation Worksheets, including estimated capacity and bid amount calculations, on the CBIC website (www.dmecompetitivebid.com) for the definition of a unit for each item to assist you in calculating your bid price.
